

Epygi and Cohesive Technologies Announce Distribution Agreement.

Plano, Texas, (April 15, 2011) – Epygi Technologies, Ltd., a worldwide provider of award-winning IP PBXs, gateways and conference servers supporting small businesses to enterprise's telephony needs, today announced that Cohesive Technologies, a leading distributor of IP products and services, will be Epygi's newest distributor in APAC with Head office in India. With the help of Cohesive Technologies, Epygi's global presence will be expanded.

"Epygi fills a void in our product offering. Their line of IP PBX's and SIP gateway servers allow us to offer our customers the best-of-breed unified communication solutions," says Ashdhir-Kinra, CEO of Cohesive Technologies.

"Cohesive Technologies is a great Value-Added Distributor for Epygi, because they employ highly trained engineers and technicians, they know the SMB marketplace well, and they provide the types of sales and marketing programs that our resellers need," said Mario Cuello, Epygi's CEO.

"Cohesive Technologies can deliver our products to resellers quickly and efficiently."

About Epygi Technologies:

Epygi Technologies, Ltd., a worldwide provider of IP PBXs, gateways and conference servers supporting small businesses to enterprise's telephony needs, is a private US company founded in 2000 and has its headquarters in Plano, Texas. It designs and manufactures its market-leading products using its own IP PBX call manager software based on standard SIP technology. Through its network of respected dealers in over 45 countries, Epygi provides converged telecom solutions to organizations wherever they are.

Reliable, secure, and easy to install and use, the Quadro range of IP PBXs, VoIP gateways and cost-saving conference servers offers users outstanding benefits and an unparalleled range of features at very economic prices. These customers are able to improve their productivity, lower operating expenses, enhance their image and while affording the latest in telecommunications equipment.
